

Paid Parking Regulation Code

Art. 1

Paid parking is not guarded.

When accessing the parking area with a vehicle or motorcycle, the customer must obtain the corresponding ticket or entry card and keep it until collecting his/her vehicle.

Art. 2

The customer must park the vehicle within the dedicated area so as not to cause hindrance, impediment, and difficulty to other customers. If two parking spaces are occupied by one vehicle, a double fare will be charged.

Failure to comply with the aforementioned provisions, as well as in all other cases where it should prove necessary for the safety of the airport grounds and the continuity of regular vehicle parking operations, SOGEAAL S.p.A. reserves the right to have irregularly parked vehicles removed, even at the customers expense, charging the user for the related costs.

Art. 3

Regulations governing vehicle traffic must be observed in the parking area. The driver is required to strictly observe horizontal and vertical signage in the parking area and all the legal provisions and regulations. Inside the parking area, traffic must strictly move "at a walking pace."

Art. 4

It is forbidden to keep flammable materials and/or substances inside parked vehicles, animals and/or other objects that may, for whatever reason, be a danger or an invitation for theft.

Art. 5

Storage and custody of the vehicle and of the objects it contains are NOT covered by this contract, therefore, SOGEAAL S.p.A. is not responsible for:

- damage caused to parked vehicles by other customers.
- committed/attempted theft of vehicles parked inside the parking area.
- stolen/attempted theft and/or damage to baggage, valuables or other objects left inside the vehicles, including removable accessories. Since parking is not guarded and automatic access is allowed, SOGEAAL S.p.A. does not make any checks on the integrity of all vehicles and/or status of them at the time of entrance to the parking area.

Art. 6

SOGEAAL S.p.A. is responsible for damage to vehicles resulting from incidents attributable to its personnel. Compensation is subject to a deductible of €150.00 for each claim and for each damaged vehicle which is paid by the individual(s)/responsible party.

Art. 7

Cars are permitted to be parked a maximum of 90 days. SOGEAAL S.p.A. considers a car to be abandoned if it is left inside the car park over 90 days from their entrance. Abandonment will be reported to the authorities for any subsequent action.

Furthermore, SOGEAAL S.p.A. reserves the right to proceed with the removal of vehicles parked inside the parking area, in the case of urgency and/or should it be necessary for the safety and regular parking operations of the airport.

Art. 8

The payment of the parking fees must be made before the vehicle is collected. The payment price also includes the time necessary for the vehicle to exit the parking area, which is a contractually predetermined time of 15 minutes from the payment of the ticket.

If the vehicle does not exit within the aforementioned deadline, the integration of the price determined according to the parking fees will be due.

Art. 9

Failure to pay authorizes SOGEAAL S.p.A. to hold the vehicle in accordance with Art. 2756 of the Civil Code: the amount due will be that resulting from the rates established by SOGEAAL S.p.A. posted at the entrance of the reserved parking area, which is acknowledged and approved by the consumer who wishes to use the parking area.

Art. 10

If a customer should lose his ticket and/or entry card and if he cannot provide proof of actual stay, SOGEAAL S.p.A. will request the payment of a sum corresponding to a continuous 30-day stop, calculated on the basis of current rates. The user can pick up the vehicle only after having paid the amount due.

Art. 11

If an invoice is requested at the cash desk just before payment. The customer must fill in the special request form available at the cash desk.

The form must be filled in legibly (otherwise the document will not be issued) and must contain all necessary information to issue the invoice.

Art. 12

Opening hours of the cash desk (with operator) is from 06:00 to 24:00 or until the arrival of the last flight of the night.

Art. 13

When collecting the entry parking ticket, the customer acknowledges and accepts all the rules in this regulation, and is committing to respect them meticulously.

Art. 14

Disabled customers can park vehicles for free, in reserved priority spaces. Disabled customers immediately after parking their vehicle must exhibit to the parking attendant at the cash desk employee:

- the valid parking card for disabled people issued by the municipality of residence,
- the disabled customer's identity document and,
- the entrance ticket

Vehicles of disabled customers must be identifiable by clearly affixing the original authorization card. Vehicles, without these cards and parked in spaces reserved for customers with disabilities will be removed at the customer's expense.
